Bha iad ag ràdh gur e Drochaid Shruighlea an geata dhan Ghàidhealtachd.

Tha am mapa seo a' sealltainn cho cudromach 's a bha Sruighlea anns na meadhan linnntean.

# Am Blàr

- Bha barrachd shaighdearan aig Sasainn agus cha b' e saighdearan eòlach, proifeiseanta a bha sna h-Albannaich. Cha robh sna buill-airm aca ach rudan sam bith a bha ri-làimh aca. Cuideachd cha robh ach beagan eachraidh aca airson an cuideachadh.

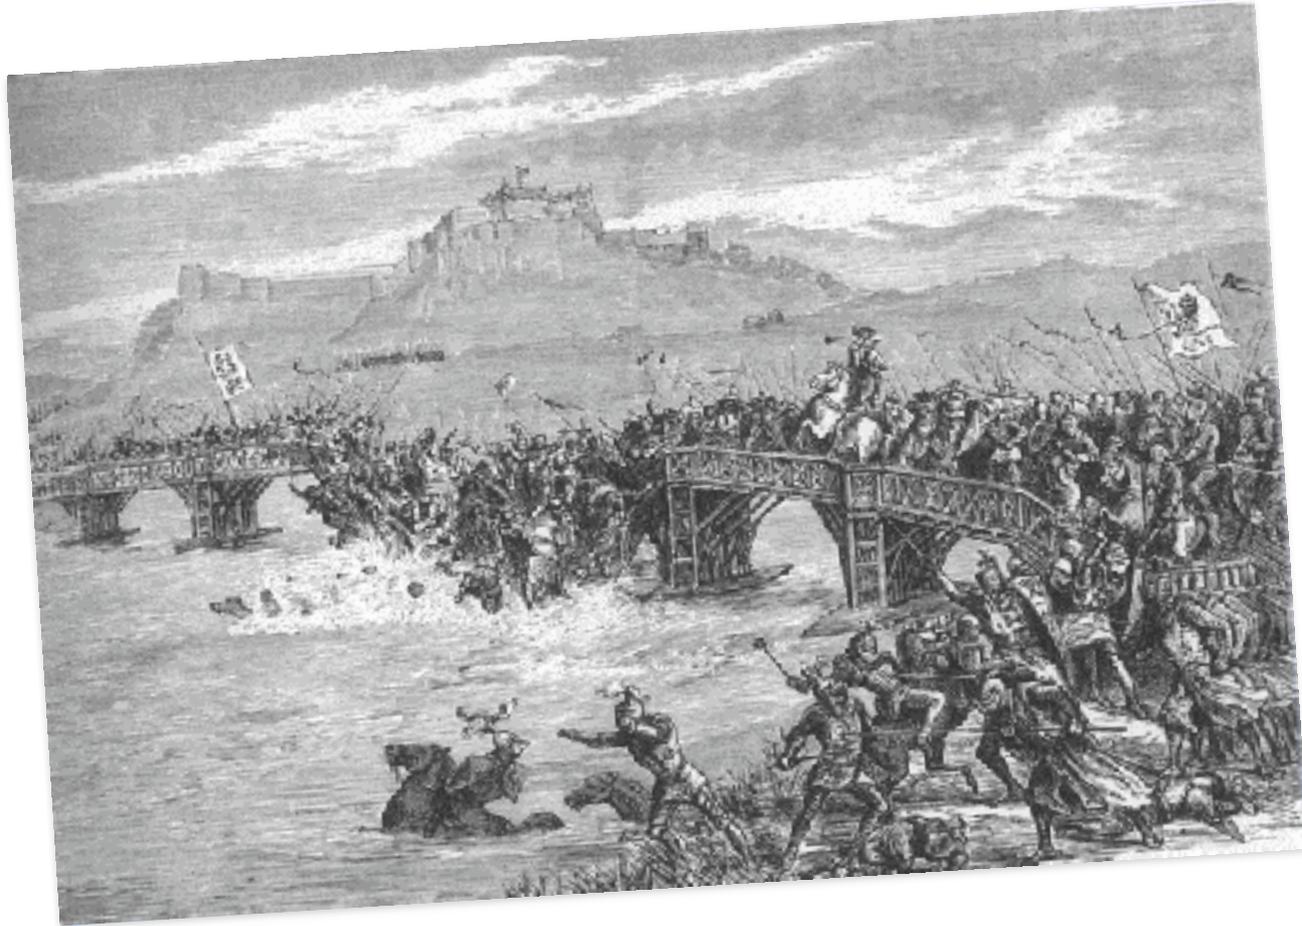

**SIOLTRON: Cearcall de dh'fhir-sleagha Alba**

Ach bha na h-Albannaich a' creidsinn san rud a bha iad a' dèanamh. Bha cuideachd dà cheannard math aca agus, ged nach robh iad proifeiseanta, bha iad a' chuid as motha de dh'Alba a ghlacadh air ais bho Shasainn.

Nuair a chaidh na Sasannaich air an drochaid,  
ghlac na h-Albannaich iad.

Chan eil guth air cia mheud Albannach a chaidh a mharbhadh, ach nach robh mòran ann, a bharrachd air aon fhear. Chaidh Anndra Moireach a leòn gu dona sa bhlàr, agus bhàsaich e an ceann treis air sgath nan lotan a fhuair e.

## WALLACE WALLOPS ENGLISH BROKEN BRIDGE NOBBLES KNIGHTS

William Wallace scored a shock victory over the arrogant English knights. The English crossed the little wooden bridge to where the Scots waited on the slopes of Abbey Craig. But there was no way back when the bridge collapsed. That was the sign for the gallant Scottish spear-men to rush down the hill and strike the mighty knights from their saddles. Scottish

spears and Scottish hearts overcame the power of the English swords and battle-axes.

Wallace has been named 'Guardian of Scotland'. If Edward has any sense he'll stay out of our glorious country for good.
